

SWBC'S

AutoPilot™

Delivering services through software

Our Focus is Your Success™

That's why we designed AutoPilot™, a suite of collection and risk management services delivered through software. You choose the services you need, and we bring them together. From a single browser-based application, you can order services, monitor statuses, view notes and documentation, and run reports to ensure that objectives are met and accountability is upheld throughout our partnership.

AUTOPILOT'S FEATURES INCLUDE:

- Insurance Tracking and Lender-Placed Coverage
- First- and Third-Party Collection Services for all Stages of Delinquency
- Payment Process Technology
- Asset Recovery, Repossession, Remarketing, and Legal Services
- ***New!*** Robust, No/Low-Cost Collection Software Options Offered in Conjunction With AutoPilot Services

For more information on how AutoPilot can help you successfully manage your mortgage or auto loan portfolio, visit <https://autopilot.swbc.com>, or e-mail AutoPilot@swbc.com.
